

“STAMPING OUT LAMENESS” - WORKSHOP

This is a workshop for recent graduates and experienced **dairy cattle veterinarians** who want to develop their treatment and prevention skills. For recent graduates the seminar will give you the confidence “to have a go”. Many of the practices who have already sent vets to seminars are sending other vets to this next series. One vet said “I’ve been a vet for over 20 years – I wish I’d understood about lameness like this before.” If you are wanting to become a Healthy Hoof provider this workshop covers all the basics that you will need to know first before doing the Provider Training.

SEMINAR FOR RECENT GRADUATES (limited to 6 per seminar):
 Dates: _____

VENUE: Inglewood Vet Services, Cnr Kelly and Brown St, Inglewood.
